

Ramiro Rodriguez Viegas

Full Stack Developer

Argentina, Buenos Aires | ramiirv26@gmail.com

[Linkedin](#) - [Github](#)

Full Stack Developer with a background in sales, which has helped me to work effectively in a team, deal with clients, and solve problems efficiently. Specialized in back-end development. Familiar with agile methodologies, GIT, data structures, algorithms, CSS frameworks, database creation, currently learning Python and TypeScript. Experienced in Front End and Back End development with React, Redux, NodeJS, Sequelize, among others. Skilled in task management and time management, creative problem-solving, self-learning, and teamwork.
